

# COVID-19 Impacts on Season 2020-21

## Friday Night Competition

Terrigal-Wamberal Little Athletics will have a COVID-19 operating plan in place so that we can safely run our Friday night program in accordance with NSW Health and LANSW guidelines. Some modifications are minor: we will not be able to have Age Group trolleys to carry personal water bottles and jumpers, social distancing of Age Groups and spectators will be in place, we will need to wipe down all field equipment after each Age Group finishes an event and we will need all participants signing in each week through our unique QR code. Other modifications are major: non-registered siblings will not be allowed on the grounds during competition nights and only one parent per child may be in attendance. We will still require parents for the duty roster and to help the Age Managers so please plan ahead about suitable child care arrangements for any non-registered athletes. More specific information will be distributed to all registered athletes prior to the season start.

## Championships & Events

LANSW will not host any Zone or Region Championships this season. Several qualifying events will be run in February for the State Championships in March.

LANSW will not host the State Relays this season.

No decision has yet been announced regarding the State Combined Events (usually held on the first weekend in March).

## Visiting Athletes/Centres

Terrigal-Wamberal is not allowed to accept athletes from other clubs to our Friday night competitions this season and, conversely, TWLA athletes may not attend other clubs' competition nights.

## Social Gatherings

TWLA is not allowed to host any social events.

Please be respectful of all requirements if you choose to participate in Little Athletics this season. We do have relatives within our athlete community who are more highly susceptible to the risk of contagion due to their age and/or because of compromised immune systems or other health conditions. Let's all do our part for the protection of these individuals while allowing our athlete's the ability to continue competing on Friday nights!
