

## CLUB RECORDS – BOYS AND GIRLS INDIVIDUAL EVENTS

Little Athletics began with competition for athletes in age groups from U6 - U12. U13 was added in 1982 and the competition was expanded again in 1985 (U14), 1987 (U15) and 2008 (U17).

Some important information to note about TWLA records:

- TWLA only maintains club records for LANSW recognized events in each age group. Over the years, athletes have on occasion participated in events not associated with their age group. An U7 athlete who runs a 1500m “for fun” is not eligible for a club record and any such “records” previously showing on the TWLA website or in a Bluebook are no longer recognized.
- LANSW has at times eliminated events or changed specifications for an age group (e.g., 750g discus to 500g). TWLA keeps records for the old event (denoted with an asterisk \*) and the new event.
- For many years, the Central Coast Zone Championships were held after the Christmas break. Since the 2004/05 season, they have been held before the Christmas break. All records from the 2003/2004 Central Coast Zone Championships (published without a date) have been defaulted to 24/01/2004. The 2004/2005 Central Coast Zone Championships were held on December 4-5, 2004.
- During the COVID-19 pandemic, the following championships were cancelled: 2020 State Championships (March 2020), 2020 Zone Championships (December 2020), 2021 Regional Championships (February 2021) and 2021 Zone Championships (December 2021) – limiting opportunities for TWLA athletes to set records on synthetic surfaces.

In 2022, the Club conducted a full audit of the club’s individual records and corrected numerous errors, some of which had been carried forward for many years. The current records information represents a full and accurate listing of current club records and supercedes all previously published records information - online and in past Bluebooks.
